SUMMARY

Driven BCA student passionate about solving real-world problems through technology. Strong foundation in software development, with a focus on building accessible and user-friendly solutions.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Python
Frameworks/Libraries: React, Styled-components, Tailwind CSS, TypeScript
Tools: Git, GitHub, VS Code, Netlify, Postman, Firebase
Soft Skills: Problem Solving, Teamwork, Time Management

PROJECTS

CineScope (https://cinescopeflix.netlify.app/)

Responsive web application for searching and viewing movie details using the OMDB API.
- Technologies: React, JavaScript, Styled-components
- Implemented search and detail views with dynamic API integration.
- Designed responsive UI using Styled-components for a seamless user experience across devices.

Accessibility Analyzer (https://accessibility-analyzer.netlify.app/)

Full-stack web tool to automatically detect WCAG accessibility violations in websites.
- Technologies: Python, Flask, Playwright, React
- Built a backend service using Playwright and Flask to scan websites for accessibility issues.
- Designed a dynamic React frontend to display real-time scan results and issue highlights.

EDUCATION

Bachelor's in Computer Applications (BCA)

Guru Gobind Singh Indraprastha University

CERTIFICATIONS

- **Deloitte Forage – Tech Job Simulation (June 2025):** Completed data analysis and web development tasks simulating real client work.
- **AWS Forage – Solutions Architecture Simulation:** Designed scalable cloud solutions following AWS best practices.
